# P2Rx Topic Hubs

- GLRPPR is a member of the Pollution Prevention Resource Exchange (P2Rx)
- Each regional center is responsible for developing and maintaining topic hubs which are shared among the centers
- A *topic hub* is a detailed collection of resources and contact information for specific topics or industrial sectors; basically online primers
- <http://www.glrppr.org/hubs/>

# P2Rx Topic Hubs

- Current GLRPPR Topic Hubs:
  - Auto Salvage Yards—Great Lakes Region (*NEW*)
  - Mercury—Health Care
  - Mercury—Schools
  - **P2 & Environmental Security**
  - Printing—Flexography
  - Printing—Lithography
  - Regulatory Integration
  - Technology Diffusion
- GLRPPR Hubs in Development:
  - Integrated Pest Management (IPM) for Schools
  - Pollution Prevention for Arts Education

# P2 & Environmental Security Topic Hub

- Developed in 2003 in collaboration with the Pacific Northwest Pollution Prevention Resource Center (PPRC)--Michelle Gaither
- Introduces security topics and issues in an environmental context
- Illustrates how P2 can be integrated into security programs
- Provides examples of P2 techniques, ideas and opportunities that assistance providers can use in conjunction with security analysis and action plans

# P2 and Environmental Security Table of Contents

# Background and Overview Section

# GLRRPR Sector Resources

- There are currently 79 sector resources available on the GLRPPR web site
- [http://www.glrppr.org/hubs/#sector\\_resources](http://www.glrppr.org/hubs/#sector_resources)
- Collections of records for both online and hard copy material related to a particular industrial sector or a topic of interest across a wide variety of sectors
- Include lists of expert contacts for further info.
- *New*—also include relevant calendar items and funding opportunities

# Example sector resource

# GLRPPR Sector Resources Particularly Relevant to Environmental Security
