

Defluorination of PFOA and PFOS alters their toxicity in a hepatocyte and hepatic stellate cell co-culture system

Yi Wen

Ph.D. candidate, Joseph Irudayaraj Lab,

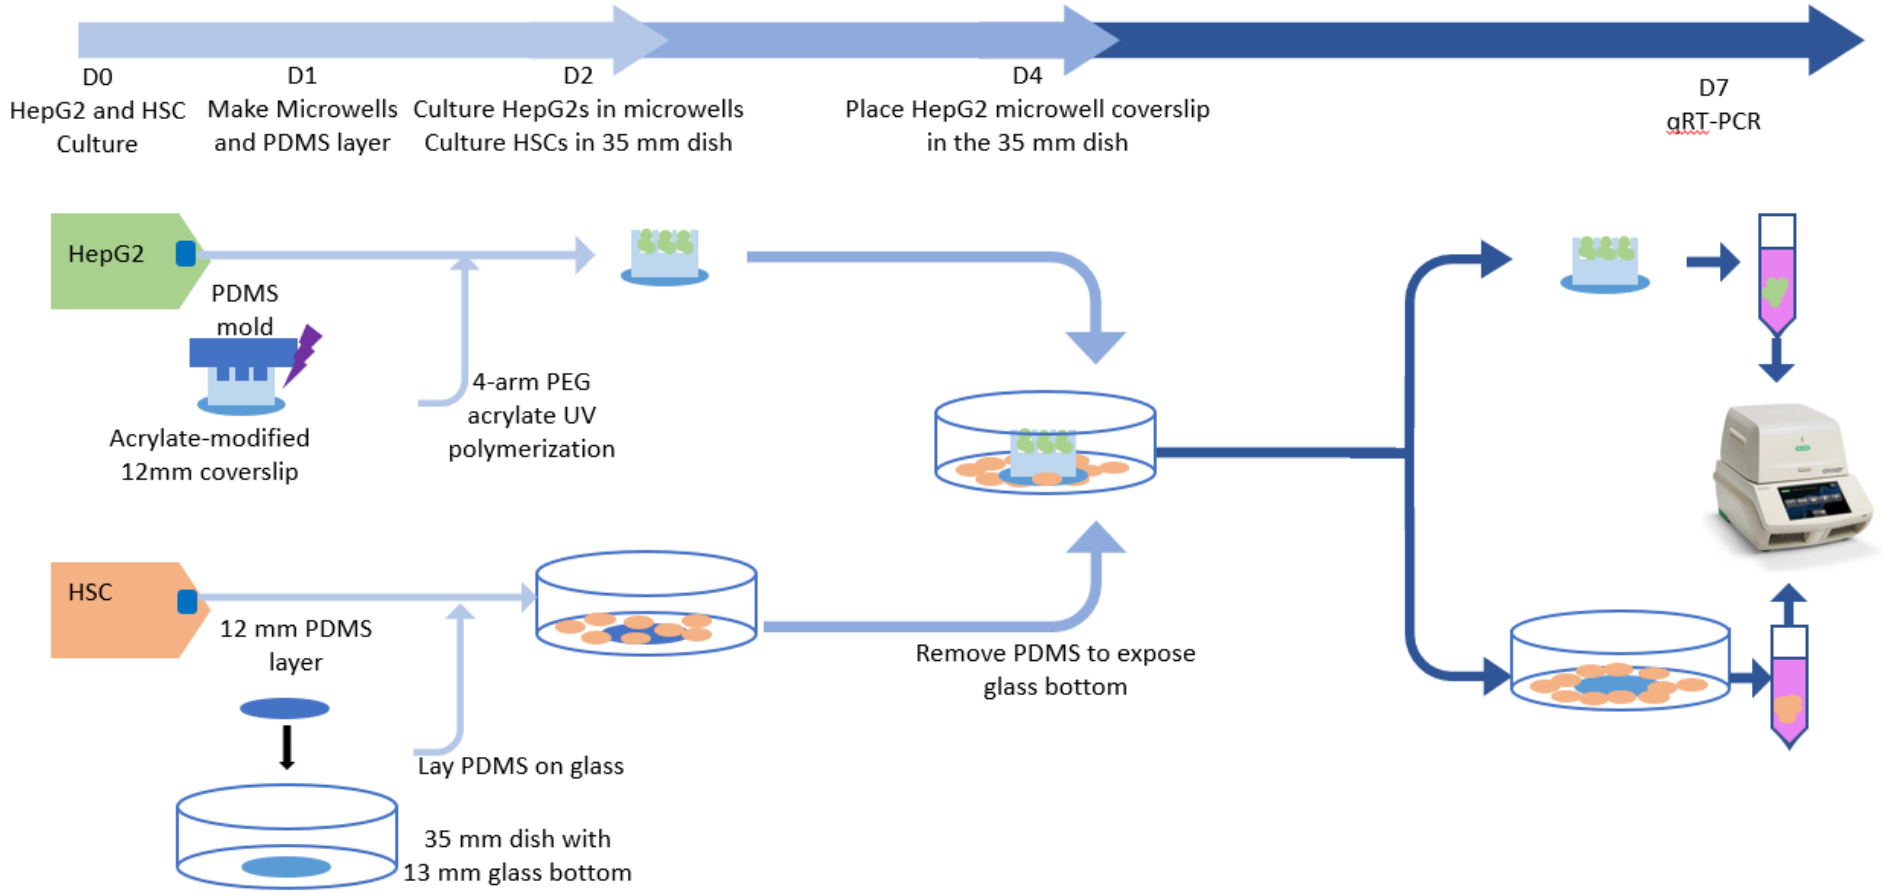

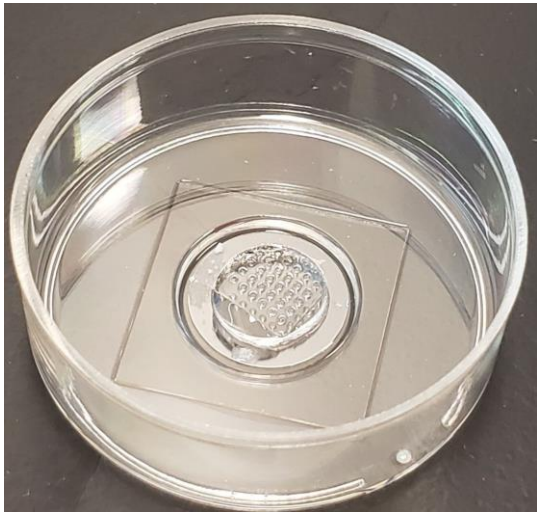

Department of Bioengineering, University of Illinois, Urbana-Champaign

Co-authors: Saeed Ahmad, Hyeon Ryoo, Zekun Liu, Jinyong Liu, Gregory H. Underhill, Joseph Irudayaraj

Zekun Liu, Jinyong Liu Lab

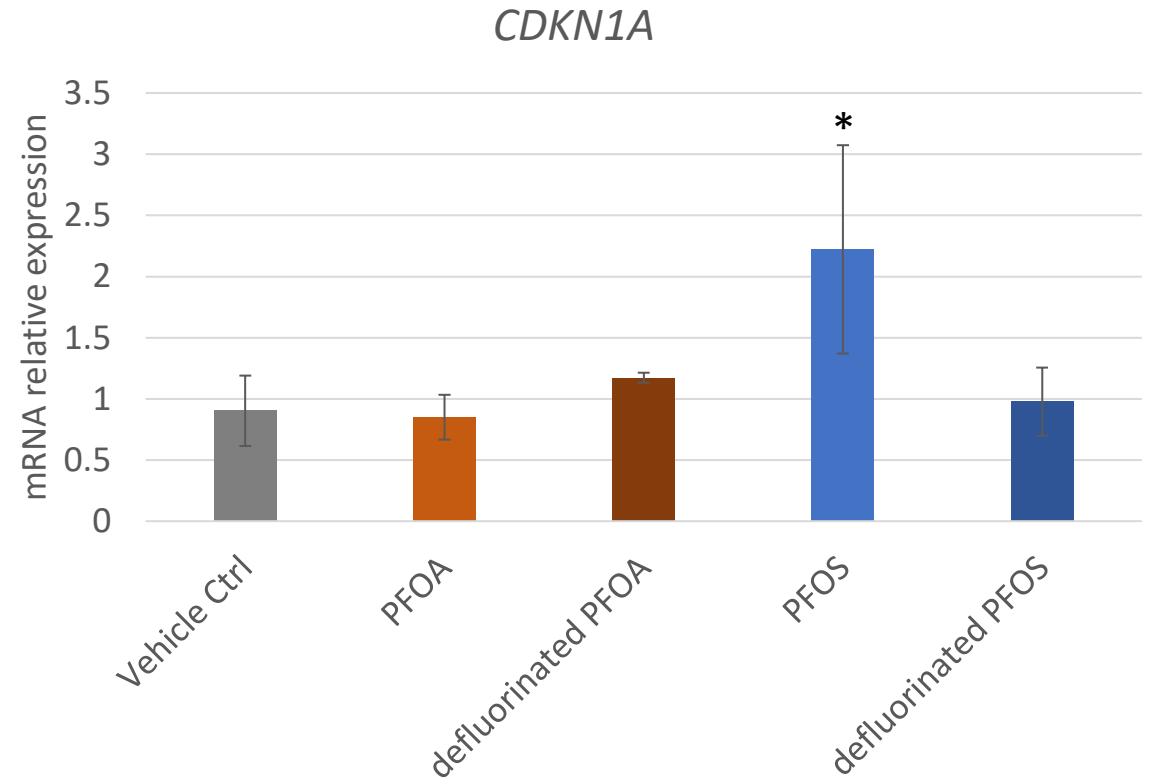

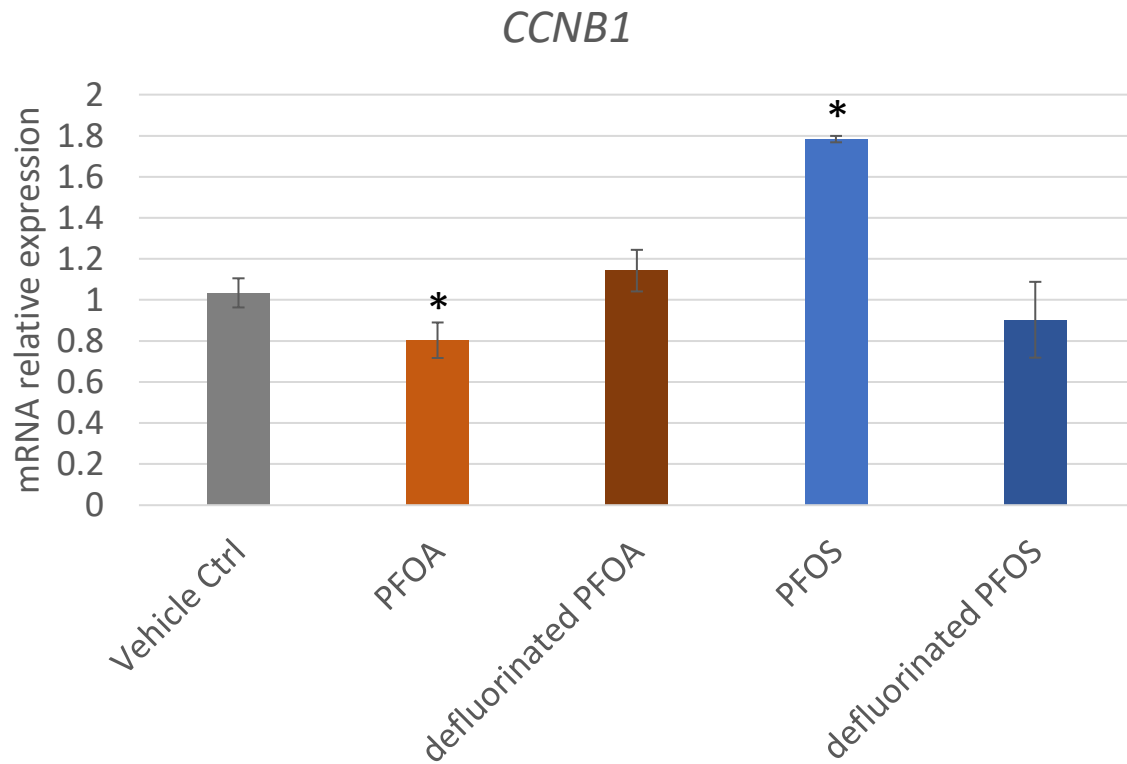

Hepatocyte and hepatic stellate cell co-culture system

Hyeon Ryoo, Underhill Lab

- 10 μ M PFOA or PFOS treatment on the liver cell co-culture system
- Gene expression in HepG2 cells
