

The Dream Chasers

Hyung Sun Kim

EVOKE

About the Ethnographer

My name is Hyung Sun Kim and I'm from South Korea. I was born in Massachusetts, and when I was a little kid, my family moved back to Korea (after my father got his ph.D degree).

I am a freshman at UIUC and I'm in the College of Business and my major is currently business administration.

I've been enjoying my college life in UIUC and I really look forward to spend next four years in this university.

EXPLORE

Question

What questions is your inquiry contingent upon?

MTD

Triangle Fraternity

RA(residence assistant)

undergraduate library

Alpha Eta Rho fraternity

WIA(women in aviation)

Institute of Aviation

Grainger Engineering Library

Tanning shop

Plan

How will you go about answering your inquiry?

I will study the aviation club in UIUC for the ethnography project. I contacted the head of the club, Dan Skelsky and got permission to research and interview him and his club members. The aviation club is a national fraternity and its name is AHP, which stands for Alpha Eta Rho.

The aviation meeting is held once a week in mechanical engineering building and I will be at the meeting to observe and study what they do and how different they are from me.

OBSERVE

What observations, or findings are you encountering in your research?

This is the brief description of the pictures taken on March 2nd.
