January, 1951
Volume XII, Number 1
Reference Room of the newly completed library, Woman's College, University of North Carolina, Greensboro, N. C. The beauty of the Natural Birch furniture seen here is one reason for its selection. Another, equally important, is reflected in this statement by Librarian Charles M. Adams: “We are transferring to our new building most of our old furniture — some of it purchased over 25 years ago from Library Bureau, and still in good usable condition. This experience convinced us of the economy of purchasing furniture of high quality.”

Buying for less is no saving

When the "Bargain" costs more through the years

This beautiful library, and the librarian's statement above, provide one more of the many examples where LB furniture has outlasted a library building.

When you buy LB quality furniture, you know your library's future is secure. For 74 years Library Bureau has been serving America's libraries with products built to rigid standards of beauty and long life. With LB equipment your replacement cost becomes virtually nil — and when you expand, LB can supply you with furniture that fits perfectly with what you already have.

For complete details on LB quality furniture, write to Library Bureau, Room 1621, 315 Fourth Ave., New York 10. Ask for catalog LB 403. And when next you need anything for your library, call your local Remington Rand office, let LB show you the facts for comparison — then you decide.

Library Bureau — Originator of Specialized Library Equipment
THE HEBREW IMPACT ON WESTERN CIVILIZATION

Edited by Dagobert D. Runes

This epochal symposium is a sociological and historical contribution of utmost importance. Each of the 17 authors is an authority in his field. Subjects covered include the Jew's effect on: religion, the arts and sciences, law, philosophy, the democratic idea. Frankly discussed are the Jew as statesman, as soldier, in public life, in social work; in drama, theatre, film and the dance; music, painting and sculpture. Henry Pratt Fairchild, New York University, says: "An eye opener to the majority of even well-informed people."

900 pages $10.00

GEOGRAPHY in the 20th CENTURY

Edited by Griffith Taylor

This volume of over 600 pages is the work of twenty authors, each of whom is a specialist in the section with which he deals. Its aim is to study the growth, fields, techniques, aims and trends of geography. Characteristics of its evolution since 1900 are stressed.

Contents:
Part I—EVOLUTION OF GEOGRAPHY AND ITS PHILOSOPHICAL BASIS.
Part II—THE ENVIRONMENT AS A FACTOR
Part III—SPECIAL FIELDS OF GEOGRAPHY

56 charts, maps and illustrations with the glossary of geographical terms—$8.75

DICTIONARY of FOREIGN WORDS and PHRASES

by Maxim Neinmark, Ph.D.

Foreign terms form a large part of our contemporary English vocabulary, and every literate person must at least recognize them if he wishes to be attuned to the subtler overtones of expression. It is the special function of this dictionary to provide English equivalents or definitions of the most frequent foreign terms that are constantly pouring into the all-embracing stream of English.

JOHN KNOX'S HISTORY OF THE REFORMATION IN SCOTLAND

Edited by Dr. William Croft Dickinson

"One of the greatest contemporary accounts of the Protestant revolution . . . the more so since its author was a leading participant in the events he describes. This edition, greatly enriched by the scholarly introduction and explanatory notes of Dr. William Croft Dickinson, the distinguished Professor of Scottish History at Edinburgh University, and with the sixteenth century spelling modernized, should make for greater readability and intelligibility. Deserves the widest circulation among students . . ."—Prof. Norman Victor Hope, Princeton Theological Seminary.

2 Volumes—$15.00 the set

Is your newspaper collection crowding you out?

If expanding newspaper files are eating up what's left of your stack space, there's no need to put up with the problem any longer. By switching to Microfilm, you can save 96% of the space required by old-fashioned news filing methods. In less than a half cubic foot, you can even store a whole year's file of The New York Times . . . the newspaper that publishes more news, more maps and charts, more full texts of important speeches and documents than any other. And the service is fast! A new reel of The New York Times on Microfilm is completed every ten days and mailed to you within three days of the period it covers.

At the low price of $140 a year (outside the U.S. $144) your subscription pays for itself quickly. For you're saving all that storage space plus the cost of repairing and replacing worn-out bound volumes. Microfilm lasts and lasts.

Before that space problem gets even tougher, let us help you modernize your library by sending you The New York Times in this convenient, space-saving edition.

The New York Times ON MICROFILM
