The library trend emphasized in New Life library furniture is functional elegance. Never satisfied with merely fulfilling basic requirements for sturdiness in materials and construction, New Life goes further... adding the elegant touch. Therefore, in setting the pace in library trends, New Life always means better library styling. Some of the latest library pieces are exclusive, available only at Sjostrom of Philadelphia, but literature describing them will be sent to you at your request.

What Makes this Card Catalog So Special?

At first glance this may look like an ordinary catalog drawer but close inspection shows you that reference can be made much faster and easier because of Gaylords' special tilted tab guides and printed guide headings.

You will also find that many cards (those referred to most often) are protected with transparent, acetate covers. The cards are Gaylords Super-Quality 100% all new, white rag stock.

Write TODAY for complete details and prices.

TILTED TAB GUIDES have transparent cellulose acetate tabs tilted at a 45% angle for easy reading. Even when cards are slanted forward there is sufficient clearance under the tabs so catalog cards will not cling to the guides.

PRINTED GUIDE HEADINGS fit the tilted tab guides, eliminating tiresome typing, and providing improved appearance. Four different sets, ranging from 250 headings to 5,400 headings, are available to meet your every requirement.

CATALOG CARD PROTECTORS prevent soil marks, handling abuse and costly replacement of cards in "busy sections of catalog". Self-paying protectors are made of transparent acetate, easily and quickly slipped over cards.

COLLEGE AND RESEARCH LIBRARIES is the official organ of the Association of College and Reference Libraries, a division of the American Library Association. It includes general articles, official reports, addresses, reviews of selected books, and news from the field of wide professional interest. It is indexed in Library Literature.

Manuscripts of articles and addresses and copies of books submitted for review should be addressed to the Office of the Editor, School of Library Service, Columbia University, New York City 27. Contributors should examine copies of past issues for style, and should submit articles carefully typed, double-spaced with wide margins. Requests for reprints should be addressed to ACRL, American Library Association, 50 E. Huron St., Chicago 11, at the time the notification is received of the issue in which the article is scheduled to appear. Advertising should also be arranged with the Chicago Office. The scope of the journal does not permit inclusion of personal communications or exhaustive coverage by reviews of the literature of librarianship.

Editors: Material in COLLEGE AND RESEARCH LIBRARIES is not copyrighted. Permission to reprint should be obtained from the author and editor. No comment or pronouncement can be cited as official endorsement of the Association of College and Reference Libraries or of the ALA. The assumption of editorial responsibility is not to be construed necessarily as endorsement of opinions expressed by writers.

Subscription price: to members of the Association of College and Reference Libraries paying ALA dues of $6.00 or more, $2.00 per year, included in the membership dues assigned by ALA to ACRL; to members paying less than $6.00 and to nonmembers, $5.00 a year. Single copies $1.25; orders of five or more at $1.00 each.

Checks for subscriptions or ALA membership should be made out to the American Library Association. Correspondence about subscriptions and notification of change of address (three weeks notice requested) should be sent to the American Library Association, 50 East Huron Street, Chicago 11, Illinois.

Members of the American Library Association may become members of ACRL by indicating this as the division of their choice when paying ALA dues without the payment of additional dues. ALA members wishing to belong to more than one division must pay to the ALA an additional twenty per cent of their ALA dues (not over $2.00) for each additional division.
