Dissertation Abstracts

An ever-current survey covering approximately 4000 Doctoral Dissertations from 66 colleges and universities each year.

A joint program of the ACRL and University Microfilms, Dissertation Abstracts, is a unique guide to the work being done by Doctoral candidates in major educational centers. Each issue of this journal contains approximately 325 exclusive abstracts — 600 word synopses of the salient points in each dissertation.

Where more extensive information is desired, complete copies of the dissertations are available on standard microfilm or on 5½” x 8” photographic enlargements.
