Campus ministry at Illinois State University
GO GREEK
at Illinois State University

WHY GO GREEK?
Joining a Greek organization is an excellent way for you to be a part of your campus community and find your way at Illinois State University. Plus, you'll enjoy these exciting benefits as well:

LEADERSHIP
Greek organizations provide members with many opportunities to become leaders. You'll learn how to live and work within a group environment, and develop the team work, and time-management skills you need to succeed in your academics and in life. Skills you develop, you may even become an active leader by serving as an officer of your own Greek chapter or of a Greek council.

SCHOLARSHIP
As a member of a Greek organization, you have access to a number of awards that can help you succeed academically. Fellow chapter members, your friends, or other experienced students can provide support.

In addition, many chapters, national, and Greek councils provide scholarships for members who meet their academic standards. So you'll have the opportunity to apply for scholarships, fellowships, and other programs that can help fund your education.

COMMUNITY SERVICE
Greek organizations take pride in serving the community. Whether you're involved in the community as a whole, or a chapter supports a specific organization in the community. Organizations and sororities donate money for local and national organizations, and many chapters donate money to local and national organizations each year. As a member of a Greek organization, you'll enjoy the satisfaction that comes from making a difference in your community.
