Tell us what you want.

On the next three pages you’ll find the services that have earned us the reputation of being the most complete library service organization in the world.

XEROX
EDUCATION DIVISION

You’re probably more familiar with our former name, University Microfilms, Inc. It’s been changed to Xerox Library Services to let everybody know we’re part of the growing Xerox Education Division.
CURRENT PERIODICALS ON MICROFILM

More and more libraries are converting to microfilmed periodicals because of the enormous savings in space. And Xerox has over 2000 modern periodicals available.

If you are thinking of beginning a microfilm collection, but you don't know where to begin, begin with our Basic Collection. This is a group of 34 carefully selected periodicals such as Scientific American, Atlantic, Time, Life, etc. This collection includes the Xerox Microfilm Reader.

If your needs are more extensive, we also offer a larger collection of 98 modern periodicals.

BACKFILE PERIODICALS ON MICROFILM

Xerox has over 1300 titles of backfile periodicals available on microfilm. You can get modern professional, scientific, trade periodicals as well as early English and American literary periodicals, foreign newspapers and magazines, government publications and U.S. newspapers.

DOCTORAL DISSERTATIONS

Every month, Xerox publishes Dissertation Abstracts. This publication contains abstracts of the dissertations written at virtually every college and university in the U.S. and Canada (over 190 in all). Over 1000 new abstracts are published each month.

Dissertation Abstracts is printed in two sections. Section A covers the humanities and social sciences. Section B covers the physical sciences and technology.

The annual subscription for either section is $45 a year. Or, $75 a year for both sections. Complete dissertations may be ordered either on 35mm positive microfilm or you can order book-size xerographic copies.

Xerox also publishes a series of catalogs titled "Dissertations of the Sixties." These catalogs give a brief description of the dissertations that are most in demand. They are available free of charge in these fields: Psychology, School Administration, Business Education and Training, Music Education and Learning Theory. At present we are preparing catalogs on many other fields.

OUT-OF-PRINT BOOKS

Xerox can supply you with a microfilm copy or a book-size xerographic copy of almost any book ever printed anywhere in the world.

At present we have over 20,000 titles on file. English language and foreign language books cost just a few pennies a page. If you want a book that's not in our file we will get it for you at no increase in price.

The cost of searching, filming, reproduction and royalty payments are all paid for by Xerox. Even if we have to go halfway around the world.

UNDERGRADUATE SHELFLIST

Xerox has simplified the job of selecting books for new or expanding college libraries by publishing the catalog cards of the 57,000 titles in the University of Michigan undergraduate library. This list is available on microfilm, catalog cards or in bound volumes.

Many of the titles are out of print. Xerographic copies of these books can be obtained through us. The shelflist includes 260 periodicals. Backfiles of these periodicals can also be obtained from Xerox on microfilm.

AMERICAN PERIODICALS OF THE 18TH AND 19TH CENTURIES

Xerox has microfilmed every known American periodical between 1741 and 1800. Ninety-one titles in all. Approximately 75,000 pages. This collection is sold as a unit on microfilm.

Periodicals between 1800 and 1850 are available on a subscription basis. Each year we microfilm and will release 100,000 new pages.

You can also order book-size xerographic reproductions of any periodical in our collection.

AMERICAN PROSE FICTION 1774-1875

Xerox has microfilmed almost every title in Lyle H. Wright's definitive bibliographies, American fiction 1774-1850 and 1851-1875. These collections include over 5600 separate titles, virtually all the prose fiction produced in America between 1774 and 1875.

This collection can be ordered on an annual subscription basis, by individual year, or by the reel. Each reel contains several titles.
EARLY AMERICAN BOOKS 1493-1875

This collection contains over 6000 titles and is broken down into two series. The first series consists of 253 titles. They range from the Columbus Letter of 1493 to books printed in 1800. The second series includes titles published from 1801 to 1875. Both series are available on microfilm or in book-size xerographic reproductions.

ENGLISH LITERARY PERIODICALS OF THE 17TH, 18TH AND 19TH CENTURIES

Essay journals, magazines and reviews are included in this microfilm series. This collection presents the works of some of England's most notable writers. Microfilm can be purchased under three options: annual subscription, individual series years, and individual titles. Book-size xerographic reproductions are also available.

EARLY ENGLISH BOOKS 1475-1700

These books are grouped into two collections. The first is based on Pollard & Redgrave's handlist. Included are over 26,500 titles from 1475 to 1640.

The second group is based on Wing's Short-Title catalog, 1640 to 1700. This bibliography contains a total of 90,000 titles.

Both of these collections are available either on microfilm or as book-size xerographic copies. You can order the entire collection or it can be broken down into smaller units.

THE MARCH OF AMERICA COLLECTION

This collection of 100 volumes begins with the Columbus Letter of 1493 and includes the writings of men like Jacques Cartier, Sir Alexander Mackenzie, Captain John Smith, John Charles Fremont, clear through Frederick Turner's 1893 essay on the closing of the frontier.

400 years of American history, written by the men who made it.

Every volume is a line-for-line, full-scale, clothbound reproduction of the best edition. Including illustrations and an introduction on the significance of the book.

The March of America Collection was assembled from such sources as the British Museum, the Library of Congress, the William L. Clements Library and the Henry L. Huntington Library and Art Museum. Many of these volumes have never been available to libraries before. You can now have them in your library.

THE NEW YORK TIMES ON MICROFILM

Xerox has microfilmed every page of The New York Times back to 1939. Every new issue that is published is also added to the collection.

If you are interested in subscribing to The New York Times on microfilm, or if you want back issues on microfilm, write directly to, Library Services Department, The New York Times, New York, N. Y. 10036.

THE LEGACY LIBRARY

Xerox has reproduced a collection of children's classics in their original versions. This collection is designed to restore the great writing, illustrations and flavor of these books. Not a word has been changed from the original. Not a picture has been redrawn.

The Legacy Library is available in sets of 10 books each.

It's been a long, long time since children have had the opportunity to get anything more from the classics than just fairy tales.

RUSSIAN LANGUAGE BOOKS

Xerox has over 2000 Russian language books on microfilm. This collection comes primarily from the Lenin Library in Moscow. These books are either out-of-print or very scarce in the United States.

Xerox also has every copy of Novyi Mir from 1925 to 1934 in facsimile reproduction.

Any of the Russian language material can be ordered either on microfilm or as book-size xerographic copies.

SOURCE MATERIAL FOR SPECIALIZED STUDIES

Xerox has source materials available in hundreds of special files. Chinese periodicals, rhetoric and elocution materials slides on the history of painting, history of the theatre, government documents Human Relations Area Files, plus many products and services for special libraries including business and industrial.
THE XEROX $100 MICROFILM READER

This reader not only matches the features of equipment costing $400 or $500, it has a few new ones of its own.

It's small.
It's light.
It doesn't heat up.
It can be used in a lighted area.
It's easy to use.
It gives a clear image.
It's versatile—it accepts 35 and 16mm film. There's even an optional microche attachment.

These are our basic services. They are available to everybody, from the heads of major libraries to school children. Please feel free to contact us for anything. Even single out-of-print book. Just tell us what you want.

Send for our free brochures.
They describe our services in detail.
