TWO COLLECTIONS ON MICROFICHE

Southern Historical Manuscripts

Plantation Records From The Department of Archives
Louisiana State University

Selected by Eugene Genovese, Chairman, Department of History, University of Rochester and John Milton Price, Director of Archives, Louisiana State University.

These plantation records show every aspect of life on the plantations of Louisiana, southwestern Mississippi and the lower Mississippi Valley. The nineteen collections contain over 10,500 items and 190 bound volumes. Two collections, the Minor Family Papers and the Liddell Papers, are extensive and of extraordinary value, while the smaller collections serve to supplement and amplify their content.

The Minor Family Papers cover more than a century, but concentrate on the four decades between 1830 and 1870. These records deal with such matters as speculation in land and cotton in the 1830s, plantation management from 1840 to 1870, treatment of slaves, and the

effects of Civil War and Reconstruction policies on southern bankers. The Liddell Papers record the activities of two generations of planters in Mississippi, Louisiana, and Arkansas, in the production of cotton, sugar, and lumber. Of great interest are records of the Civil War and documentation of the breakdown in the economic and social system of the South in the post-Civil War period. The smaller collections include personal diaries and the papers of planters, a minister, a shopkeeper, a physician and professor, and two families of free Negroes.

Complete inventories, subject and main-entry catalogs on both microfiche and in full size printed form are included with the collections.

Includes over 10,500 items and 190 bound volumes Price: \$640.00
