big things come in small packages

Contradiction? Hardly!
Microcard Editions offers to
space conscious librarians
eleven comprehensive reference
packages.

Science, Economics,
Philosophy/Psychology, So-
ciology and Religion . . . with
more to come.

The titles in these packages are essential to college teaching programs. They supply the necessary materials for term papers and suggested independent, outside reading. Titles include the classics, important scholarly titles and the definitive works on subjects of interest to the undergraduate community. They have been selected, by qualified experts, from **Books for College Libraries**, published by the American Library Association, which lists approximately 53,400 reference sources.

Microcard Editions offer these on positive or negative 4" x 6" microfiche. Titles can be filed in any sequence since only one title appears on a fiche. And, the subject-oriented groups are independent of each other and can be purchased as needed or as budget permits. Catalog cards are also available for each group.

For a complete list of titles in each group and details concerning the catalog cards, send the coupon below to:

Microcard Editions offers these selected titles grouped in these packages: History of Great Britain, American Literature, English Literature, History of the United States, History of Europe, Education, Political

Let's bring government documents down to size.

By that we mean make them more manageable and accessible through microforms.

Take, for example, the new subscription service we offer for THE CONGRESSIONAL RECORD. For the first time, you can subscribe to both a *Monthly Index and Guide to the Congressional Record*, plus issues of the RECORD on microfiche. The comprehensive and easy-to-use hard-copy *Monthly Index* makes information in the RECORD more accessible than ever before. And timely, too, because both the index and the microfiche are shipped within 10 days of the month covered.

Our collection includes thousands of other government documents, many of them out-of-print or difficult-to-obtain. Among these are *The Catalog of United States Census Publications, 1820-1945* ... all *Congressional Hearings* from 1839 through the 83rd Congress of 1954 ... *The Annals of Congress* - covering the proceedings of the 1st through 18th Congresses, 1789-1824 ... *Session Laws* for all the states and territories prior to 1900 ... and *The Monthly Labor Review, 1915-1972*.

What's more, we offer many non-governmental source materials about government. These include a tape cassette series on the Structure and Function of American Government, plus thousands of doctoral dissertations covering all aspects of government, its history and actions.

How do we size up in relation to your needs? To get a better idea, write to our Literature Services Department and ask for information about the types of documents or materials you're interested in. You'll receive full details.
