Microform Catalog Data Retrieval Systems

Theft Detection Systems for Libraries

A revealing and valuable 98-page survey of manufacturers and users. In the May 1974 issue of LTR. $20.

Library Technology Reports (LTR) is a unique bimonthly publication of the American Library Association that provides critical evaluations of products used in libraries, media centers, schools, and other educational institutions. Its purpose is twofold: to enable librarians and educators to make economical purchase decisions and to alert manufacturers of library needs and standards of performance expected.
