Announcing THE 4-VOLUME

Gallup International Public Opinion Polls

GREAT BRITAIN: 1937-1975

FRANCE: 1939, 1944-1975

The exciting new source for every research problem on the recent political, economic, social, and cultural history of Great Britain and France

- Four volumes . . . 2 for Great Britain, 2 for France
- 2,600 pages in all
- More than 2,400 Gallup surveys
- More than 2 million interviews
- Library bindings
- 7" x 10" book size

Edited by Dr. George H. Gallup, here at last is the *only* reference work in which people at critical points in history speak for themselves, rather than allowing historians and leaders to speak for them. And here at last is an opportunity for researchers to enjoy access to a treasury of public opinion in a single, authoritative reference work.

Created by the International Division of the Gallup organization, this fascinating collection offers an immediate "you-are-there" sense of history as it unfolded in Great Britain and France from the years leading up to World War II to the end of 1975. Habits, traditions, fears, predilections, attitudes on nuclear testing, taxation, sex, religion, national heroes, work—all are directly and thoroughly recorded in the *Gallup International Public Opinion Polls*. Not just once, but at varying intervals, so major patterns can be clearly seen and understood.

Invaluable to the scholar, a delight to the browser, the *Gallup International Public Opinion Polls* is available at a special pre-publication price. The set consists of two volumes for Great Britain (40992), and two volumes for France (40998).
