Classical Music Recordings for Home and Library

RICHARD SWEENEY HALSEY

This handbook provides assistance to both individuals and organizations interested in musical recordings and music appreciation.

The main section is a discography that helps identify the best recorded performances of composers' works. Especially valuable features are the accessibility ratings, which enable the unfamiliar listener to proceed step by step in increasing his comprehension of "difficult composers," and the ratings that show suitability by age of listener. From the 43,000 recorded compositions considered for the discography, 4,000 were selected. Ratings for titles and specific recorded versions were reached by painstakingly seeking and confirming consensus judgments of musicologists and eminent reviewers. Radio stations, music critics, private collectors, editors of recording reviews, record company executives, and computer facilities contributed opinion and data.

Other chapters in the book give guidance to organizations with record holdings in systematically selecting, ordering, programming and caring for them.

Halsey's work is an essential reference guide for individual collectors, librarians, and all types of music educators and administrators who wish to contend successfully with the complex world of interpreted music on disc and tape recordings.

**THE COMPLETE CARIBBEANA
1900-1975:
A BIBLIOGRAPHIC GUIDE TO
THE SCHOLARLY LITERATURE**

By Lambros Comitas
Professor of Anthropology
and Education
Teacher's College,
Columbia University

THE COMPLETE CARIBBEANA is a four-volume bibliography containing citations of over 17,000 books, monographs, journal articles, conference proceedings, masters' and doctoral theses, reports, and pamphlets published in the twentieth century. The geographical areas covered include Surinam, French Guiana, Guyana, Belize, Bermuda, The Bahamas and the islands of the Antillean archipelago, with the exception of Haiti and the Spanish-speaking territories.

The organization of the bibliography is topical; titles appear in more than one subject category when appropriate. In addition to complete bibliographic information, each entry contains a geographic designation and a code indicating the library in which the cited material can be found. Citations of material in foreign languages include an English translation of the title. Two indices are provided—an author index and a geographical index. This bibliography supersedes Professor Comitas' one volume *Caribbeana 1900-1965: A Topical Bibliography*.
