EUROPEAN HISTORICAL STATISTICS by Brian Mitchell

It is not impossible to dig up 200 years of historical statistics for a single European country. But here is a book that can offer statistics on 26 European countries within a single volume!

How has the social activity of 26 countries evolved for over 200 years? What patterns are formed by recording the economy of such an expanse of territory and time? What differences and similarities emerge from this fascinating study? An enormous treasure trove of data on all aspects of the social and economic history of Europe. A must for economists, political scientists, sociologists, historians.
