permanent bound annual issue which is the cumula­
tive index to books selected during the year. In addi­

period, subscribers receive the permanent bound
five-year cumulation. Annual subscriptions are avail­
able at $45 per year, U.S. and Canada, $58 in other
countries. The eight previous hardbound permanent

Because of its comprehensive scope, the new *Health Services Directory* will, in many libraries, obviate the need for as many as 20 directories covering individual areas.
