Discover fast, economical ways to keep up with current research in organic chemistry... at an ISI/CID FREE Seminar!

A half-day Seminar from the ISI/Chemical Information Division will show you how you and your staff can:

- Keep current on the latest in organic chemistry
- Search nearly 3 million compounds even when all you know is the molecular formula
- Learn about new synthetic methods

At the Chemical Information Division, we specialize in giving organic chemists access to information crucial to their work. Our products and services, including Current Abstracts of Chemistry and Index Chemicus® and Current Chemical Reactions®, are designed to take care of current awareness needs quickly and easily—leaving chemists with more of their valuable time to spend on research.

Whether you're a current ISI/CID subscriber or you're learning about us for the first time, at your seminar we'll focus on you, and how ISI/CID can help you locate the chemical information you need. To arrange for your FREE, half-day seminar fill out the coupon below and mail it today!

☐ YES, I need a fast, economical way to keep up with current research—please tell me more about ISI/CID Seminars. I understand that these seminars are free, and I'm under no obligation.

WHY WE WERE THE FIRST LIBRARY AUTOMATION COMPANY TO SUPPORT THE FULL MARC RECORD.

DataPhase was the first to provide many currently accepted preferences for library automation software.

We were the first to design an integrated system with extensive interaction and information sharing among all online functions.

We were the first to provide a flexible parameterization capability that enables the library to change any systemwide parameter.

And we were the first to design a system that takes full advantage of the abundance of access points available in a MARC database. Access points that are critical for successful inquiry and online catalogs.

Sensitivity to present and future library needs has made DataPhase the leader in library automation. And ALIS the most powerful library automation tool available today.

ALIS' integrated functions include Circulation, Technical Services, Acquisitions, Public Access Catalog, Materials and Film Booking, Authority, Inventory, Reserve Book Room and C.O.M. Support.

YOU NEED TO KNOW THE DIFFERENCE.

DataPhase
Small Business Sourcebook

Part 1 profiles 100 popular small businesses, describing for each such information sources as educational programs, sources of supply, trade periodicals, consultants, and more. Part 2, a compilation of resources basic to small business in general, annotates nearly 1,000 books and periodicals and treats resources available from federal, state, and local governments, venture capital firms, trade and professional associations, etc.

Surveys, Polls, Censuses, and Forecasts Directory

Arranged by subject, this handy new key to published and unpublished statistics guides users to the organizations that conduct just the right kinds of surveys needed. Entries furnish: name of survey or poll, sponsor, address, telephone, director, frequency, time and geographic coverage, subjects, description, availability, and more.
