THE FIRST COMPLETE REFERENCE TO JAPAN

Ten years in preparation ■ 10,000 entries ■ 4 million words ■ 1,000 illustrations
1,400 contributors ■ 9 volumes, including one-volume, 50,000-entry index

KODANSHA ENCYCLOPEDIA OF JAPAN

A milestone of international cooperation. The *Kodansha Encyclopedia of Japan* was written by more than 1,400 scholars from 27 nations, working under a distinguished editorial advisory committee chaired by Edwin O. Reischauer in the United States and Shigeto Tsuru in Japan. The result is a balanced, authoritative, in-depth picture of a country whose impact on the world has been prodigious.

Never before has the totality of a major civilization been so thoroughly presented. This monumental new encyclopedia is the first comprehensive source of information on Japanese society, history, culture, economics, business, politics, law, religion, folklore, philosophy, literature, fine arts, social sciences, manners, customs, and much more. Students and teachers, business executives and journalists, diplomats and art lovers—anyone with an interest in Japan—can now find, in a central

source, virtually anything they wish to know about this ancient civilization and modern economic superpower.

"Will be the standard general reference for years to come. . . . An outstanding compendium of knowledge on Japan."—**DAVID MacEACHRON**, *President, Japan Society, Inc.*

"Truly a remarkable event. . . . That such a fundamental reference has not existed before excites astonishment. That it now exists provokes applause."
—**MIKE MANSFIELD**, *U.S. Ambassador to Japan*

"Here at last is the comprehensive reference work on Japan which both the Japanese and, even more, the people outside Japan, have been waiting for years and need so badly. . . . To my knowledge, there is no such work on any other major culture.

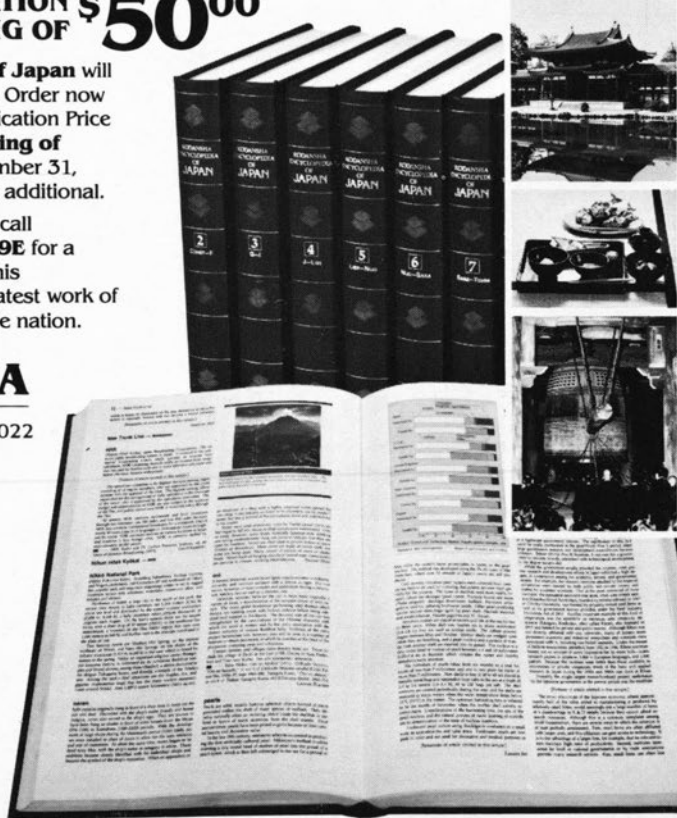

—**PETER DRUCKER**, *author, educator, business consultant*

SPECIAL PREPUBLICATION \$50⁰⁰
SAVING OF

The *Kodansha Encyclopedia of Japan* will be published at \$600.00 per set. Order now to take advantage of the Prepublication Price of just **\$550.00 per set—of saving of \$50.00.** This offer expires December 31, 1983; shipping and handling are additional.

NEW FROM CIS!

SPACE SAVERS

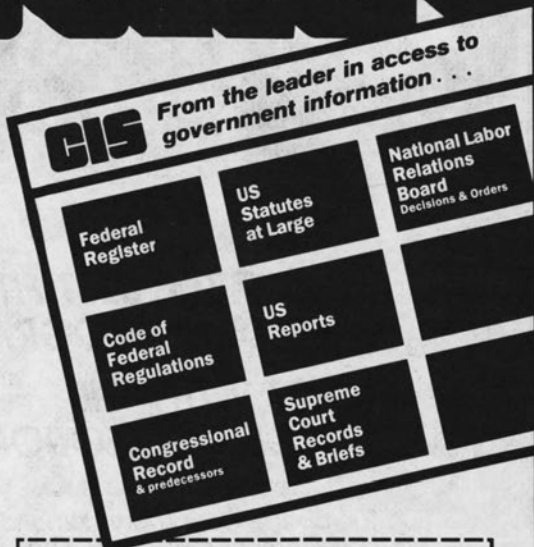

Reduce your space needs for these essential collections by 90%

Imagine being able to store last year's Federal Register in just six inches of file drawer space. Or every issue of the Congressional Record since 1873 conveniently in one microfiche cabinet.

You can do this—and more—with government publications on microfiche from CIS.

These new additions to our offering of current and retrospective collections can dramatically reduce the space required to house some of your library's most valuable documents. Plus, CIS's archival microfiche safely preserves these materials, while making them easier to handle and maintain.

Send for a FREE catalog

Please send me your free government publications on microfiche catalog. I understand there is no cost or obligation.

**TO GET THE BEST FITTING
APPROVAL PROGRAM...**

**START WITH THE
LARGEST SELECTION**

The diverse disciplinary demands of collection development require the Approval Program with the most comprehensive title coverage. Each year, our Approval Program identifies over 35,000 titles—10,000 more than any other program. Notification slip orders retain full service privileges and our discounts are the best available. Automatic management reports are issued regularly, and no program service charges are ever added.

For details, contact the Sales Department of the division nearest you.
