THE ONLY REAL DIFFERENCE BETWEEN DATAPHASE AND THE COMPETITION.

All library companies boast their service, training and fancy new hardware (we think ours is better than theirs).

But once a system is operational, there's only one thing that counts.

The software.

And, when you talk about software capability, DataPhase has no equal. Not CLSI. Not GEAC. Not any software developed by any independent software development team.

- No other vendor offers so much full integration of the modules.
- No other vendor has detailed the functions so thoroughly.
- No other vendor has built its software around complete library flexibility through parameterization.

• And no other vendor designed its entire product around the support of the full MARC record.

When it comes right down to it, the only real difference between library computer systems costing hundreds of thousands of dollars is found on a \$40 reel of tape.

We invite you to compare the software capabilities offered to your library by the Automated Library Information System. ALIS' integrated modules include Circulation, Bibliographic Control (MARC), Acquisitions and Booking.

Encyclopedia of Medical Organizations and Agencies

Gives current data on more than:

2,500 National and International Associations
1,250 State Associations • 1,500 Federal and State
2,000 Medical and Allied Health Schools
225 Foundations • 1,400 Research Centers • 200 Data

First Edition. Edited by Anthony T. Kruzas. 780 pages. 10,000 entries. Subject Cross Index. Name Index. Published by Gale, 1983. \$125.00. **Available at Gale's 5% Standing Order discount.**

This new all-in-one source book eliminates much tedious research by providing, in one volume, current information on 10,000 medical organizations and agencies.

Entries are arranged in 78 clearly defined chapters, each dealing with one major area of the vast universe of health and medicine.

Topics covered include aging, alternative medicine, biomedical engineering, child abuse, chiropractic, dentistry, dermatology, epidemiology, health statistics, law and medicine, nursing, optometry, pathology, public health, radiology, sexuality, sports medicine, surgery, transplantation, and much more.

Each entry gives, when appropriate: name address, telephone number, contact persons . . . description of purposes and goals . . . research, information, and educational activities . . . services offered and publications issued . . . areas of special interest.

All Gale books are sent on 60-day approval. Deduct 5% if you send check with order. Customers outside the U.S. and Canada add 10%.
