

A FALSE RUMOR GOING ROUND SAYS "LESS IS MORE."

A comprehensive range of services is essential to meeting the exacting requirements of the academic library. Specialized service can only be provided by offering more, not less. Baker & Taylor provides the widest coverage and largest inventories of academic titles from 14,000 publishers including university presses, societies, and associations. Constant publisher follow-up assures that even the most difficult books to acquire will be supplied or reported to the library. In addition, Baker & Taylor offers generous discounts with no service fees or handling charges and the highest fulfillment rate in the industry. Baker & Taylor is the academic specialist that offers more.

International Historical Statistics: The Americas and Australasia

1st ed. Compiled by B.R. Mitchell. 949pp. Published in the U.S. and Canada by Gale, 1983. CIP: L.C. No. 82-23410. ISBN 0-8103-0520-8. \$95.00. (SO)

Offered in a single convenient source are the major historical statistics for all of the countries located in the Americas (North, Central, and South) and in Australasia (Australia, New Zealand, and Fiji). Most of the statistical series begin as early as the eighteenth century. Given within each broad subject area are comparative statistical tables for specific items for all the countries represented. The tables are arranged in these categories: climate...population and vital statistics...labor force...agriculture...industry...external trade...transport and communications...finance...prices...education...national accounts.

Statistical Services Directory

... A Guide to the Organizations, Corporations, Professional and Trade Associations, Research Centers, Universities, Publishers, Foundations, and Government Agencies That Provide Statistical Services. 2nd ed. 461pp. Subject, geographic, contact name, and title indexes. Gale, 1984. ISSN 0732-6971. ISBN 0-8103-0668-9. \$160.00. (SO)

The fully revised and updated second edition furnishes detailed information on more than 2,000 primary gatherers of statistical data whose findings are available to clients and/or the general public. Covering over 500 subject areas, entries are arranged alphabetically by organization name and give: name, address, telephone number, and contact

person...brief description, in subjects covered...methods of seminating statistics...available formats...time period covered...and how often statistics are released...cost of service.

Dictionary of New Information Technology Acronyms

1st ed. Edited by Michael Gordon, Alan Singleton, and Clarence H. Kogan Page, 1984. Distributed in the U.S. and Canada exclusively by Gale. ISBN 0-8103-4309-6. \$56.00. (SO)

Furnishes definitions of over 10,000 acronyms and abbreviations used in such information technology fields as telecommunications, videotex, word processing, data processing, office automation, cable television, and satellite communications. Each entry gives the acronym in bold type, followed by a definition and, where appropriate, further explanation. Coverage includes computer hardware, software, organizations, databases, companies in the field, and other facets of information technology for the U.S., the U.K., Europe, and elsewhere.

(SO) 5% discount for Standing Orders, starting with the current volume or edition. 5% discount for sending check with order. Customers outside the U.S. and Canada add 10%.
