BLACKWELL AUTHORITY CONTROL

# Improving patron access to your online catalog.

**Loading MARC records into an online catalog?** The Blackwell automated authority control system can perform name and subject authority control on your MARC database and give you fully edited catalog tapes in the MARC II format. If your online catalog has an authority control module, the Blackwell authority control system can also provide deblinded cross reference tapes in a format compatible with *LC MARC for Authorities* for loading into the system. Simply send us your catalog tape and we match your MARC records against current LC name and subject authority files to provide your library with the most up-to-date consistent headings available.

**Why choose authority control from Blackwell?** Quality. Sophistication. Leadership. Ten years experience with authority control. No other system equals ours. Drawing from our constantly updated authority files and the skills of our experienced editors, this unique Blackwell service frees your staff from retrospective authority control tasks.

**For more information,** write or call toll free, Dan Miller, Manager, Sales and Service, Technical Services Division.
