# GET THAT SCIENTIFIC DOCUMENT IN DAYS INSTEAD OF WEEKS!

FROM THE CAS DOCUMENT DELIVERY SERVICE<sup>®</sup>

When you *must* have an original document, go to the Chemical Abstracts Service<sup>®</sup> Document Delivery Service. CAS DDS provides photocopies or loans of single documents from CAS's scientific collection, including serials, patents, conference proceedings, symposia. You can order

- ▶ Soviet documents published since 1970
- ▶ Articles from *any issue* of an American Chemical Society journal
- ▶ Other documents published since 1975

If you need that document immediately, order NOW. Most orders are on their way within 24 hours.

- .....
- Yes! I'd like more information about CAS Document Delivery Service.
  - Please send me my *FREE* CAS DDS Directory of Publications.

**NEW!**

**The starting point  
for scientific research—**

## **Encyclopedia of Physical Sciences and Engineering Information Sources**

To make use of the enormous wealth of published scientific research, you need an organized system of reference—a simple means of tapping into available information. This new title will lead physical scientists, engineers, and other researchers to nearly 16,000 publications, organizations, and other sources of information on subjects of scientific inquiry and applied research.

### **Broad range of subjects covered**

From chemistry and physics to artificial intelligence and superconductivity, this new information source covers 425 different scientific subjects. Numerous cross-references and a detailed outline of contents guide you to selected and related subjects of interest.

### **Comprehensive and organized**

Entries are alphabetically arranged by subject and provide up to 14 different types of information sources, including:

- Abstract Services and Indexes
- Annual Reviews and Yearbooks
- Associations and Societies
- Bibliographies and Directories
- Encyclopedias and Dictionaries
- General Works
- Handbooks and Manuals
- Online Data Bases
- Periodicals
- Research Centers
- Specifications
- Statistics

### **Simplify your research**

Start with the *Encyclopedia of Physical Sciences and Engineering Information Sources* to quickly locate the reference sources you need for your particular research project. Because it's all-inclusive and easy-to-use, this new publication from Gale slashes research time and minimizes false leads.

Steve Wasserman, Martin A. Smith,  
and Susan Mottu, editors.  
1989, 760 pp.  
ISBN 0-8103-2498-9. \$140.00.
