"I produce over 3,500,000 pages of serials management reports every year just to keep our customers informed."

"EBSCO's Information Services staff knows you need to know all you can about your serial subscriptions, holdings, and expenses. And we realize that the bibliographic, price and subscription information we maintain on your titles can provide invaluable data to assist with your collection development and budgeting decisions, and the day-to-day management of your collection. That's why we've developed hundreds of different customized serials management reports in both print and electronic formats — from summaries of publications on order to retail price reports to comprehensive five-year historical price analyses.

"We take the name of our department literally ... and so can you."

John Krontiras
Vice President/General Manager
Information Services

At EBSCO, we think librarians deserve to have the most complete data possible regarding their serials, even if it means we have to go through hundreds of thousands of printer ribbons and diskettes every year. Isn't that what you expect from a professional subscription agency?

Throughout history, world leaders have joined forces to create powerful alliances. Now, PAIS has joined two indexes to create a remarkable new research tool – PAIS INTERNATIONAL IN PRINT.

PAIS INTERNATIONAL IN PRINT features the complete content of the world's most widely used public/social policy index, the PAIS BULLETIN. And it adds to it the extensive foreign language coverage of the PAIS FOREIGN LANGUAGE INDEX.

The result? An index of exceptional scope. An index that provides references to superior-quality literature on the entire spectrum of political, economic, and social issues. An index that offers single-source access to periodical articles, journals, government documents, and other hard-to-find material published worldwide in English, French, German, Italian, Portuguese, and Spanish.

Next time you need to look at the world, join forces with the most comprehensive public/social policy index – PAIS INTERNATIONAL IN PRINT.
