THEY LEARN ABOUT THEM IN BIOLOGY.

THEY LEARN ABOUT THEM IN HEALTH.

THEY LEARN ABOUT THEM AT HOME.

AND THIS YEAR, OVER ONE MILLION TEENAGERS
WILL LEARN ABOUT BABIES ON THEIR OWN.

Many Americans support sex education in the school system. Others believe it's solely a parent's responsibility. But as the controversy escalates, so does the number of teen pregnancies.

You can explore all sides of this and other important public and social policy issues through PAIS International. PAIS gives you instant access to an index of some 400,000 hard-to-find articles, books, government documents,

statistical directories and more. It references literature published around the globe. And now it's even available on leased tape.

So if you're looking for information, don't fool around. Use PAIS.
