Data Point Locations of Naperville Quadrangle
Du Page County, Illinois

Henry D. Fineberg and B. Brandon Curry
2013

Data compiled by B. Brandon Curry and Henry D. Fineberg. 2013.

Delivered by Illinois Spatial Data Infrastructure (ISDI), 2013. Data are in polynomial format and are for the Illinois 1:24,000 quadrangles of the Naperville-DP 1:24,000-scale geological quadrangle maps. The county number is a portion of the 12-digit API number on file at the ISGS Geological Records Unit. Most well and boring records are available online from the Illinois State Water Well and Boring Records Database. Fees may apply. Refer to the Illinois State Water Well and Boring Records Database for information on how to order a map of the API number.

For information on geologic units, geologic formations, and other attributes of the data, contact Henry D. Fineberg. The geologic interpretation is based on data from the U.S. Geological Survey’s Geological Mapping Program (STATEMAP) under USGS award number G09AC00197. Data compiled by Jennifer E. Carrell and Jane E.J. Domier. Digital cartography by Jennifer E. Carrell and Jane E.J. Domier.

Geologic interpretations are based on data of the U.S. Government. Views and conclusions contained in this document are those of the authors and should not imply endorsement by the U.S. Government.
