Connecting New York's Collections

914.592.6726

c2cnys@greaterhudson.org

Greater Hudson Heritage Network, in partnership with heritage organizations throughout New York State, is addressing specific preservation training needs in connection with the collection types identified as "at risk" in New York's planning project: books and paper, photographic collections, digital materials, and historic objects.

Through October 31, 2014, training will be offered in four ways: Webinars, a Circuit Rider Program, "How-To" Videos, and access to a Knowledge Portal Website. The Connecting to New York's Collections project is funded by a grant from the Institute of Museum and Library Services and administered by Greater Hudson Heritage Network. To learn more about Greater Hudson Heritage Network, please visit www.greaterhudson.org.

Registration is now open for Webinar Series 2: Environmental Monitoring and Control

Each webinar is only \$10!

About the Institute of Museum and Library Services

The Institute of Museum and Library Services is the primary source of federal support for the nation's 123,000 libraries and 17,500 museums. Through grant making, policy development, and research, we help communities and individuals thrive through broad public access to knowledge, cultural heritage, and lifelong learning. To learn more
