Library Trends, a quarterly thematic journal, focuses on current trends in all areas of library practice. Each issue addresses a single theme in-depth, exploring topics of interest primarily to practicing librarians and information scientists and secondarily to educators and students.

Library Trends is published four times annually—in summer, fall, winter, and spring—by the Graduate School of Library and Information Science at the University of Illinois, Urbana-Champaign, 249 Armory Building, 505 E. Armory Street, Champaign, IL 61820-6291.

Subscriptions: Rate is \$60 per year (plus \$5 for overseas subscribers). Individual issues are \$18.50 for the current volume year; back issues other than those from the present volume year are \$10. Claims for missing numbers should be made within six months following the date of publication. All foreign subscriptions and orders must be accompanied by payment. **Address orders to:** University of Illinois Press, Journals Department, 54 E. Gregory Drive, Champaign, IL 61820. For out-of-print issues, contact University Microfilms International, 300 North Zeeb Road, Ann Arbor, MI 48106. **Postmaster:** Send change of address to University of Illinois Press, 54 E. Gregory Drive, Champaign, IL 61820

Procedures for Proposing and Guest Editing an Issue of *Library Trends*

We encourage our readers to submit ideas for future *Library Trends* themes; issue topics are developed using reader suggestions and recommendations from members of the Publications Committee. We also encourage readers to volunteer to be issue editors or to suggest others who may be willing to be issue editors.

The style and tone of the journal is formal rather than journalistic or popular. *Library Trends* reviews the literature, summarizes current practice and thinking, and evaluates new directions in library practice. Papers must represent original work. Extensive updates of previously published papers are acceptable, but revisions or adaptations of published work are not sought.

An issue editor proposes the theme and scope of a new issue, draws up a list of prospective authors and article topics, and provides short annotations of the article's scope or else gives a statement of the philosophy guiding the issue's development. Please send your ideas or inquiries to F. W. Lancaster, Editor, Publications Office, 249 Armory Building, 505 E. Armory Street, Champaign, IL 61820-6291.

ERRATA

Due to our error, Christine Crocker's vita information was omitted from the contributors list in volume 39, number 4. Her vita is as follows:

CHRISTINE CROCKER is University Librarian at the University of Tasmania, Australia. She has held that position since December 1990. Prior to that she was Reader Services Librarian at Deakin University; she has worked in a number of academic libraries in Australia, several of which offered off-campus programs. As recipient of the James Cook Bicentenary Scholarship in 1985, she visited the United Kingdom, investigating library support for extramural students at British universities. She is a consultant trainer for the Australian Information Management Association (AIMA), an organization offering management training programs to librarians throughout Australasia. In Fall 1990, she worked with ARL's Office of Management Services as a Fulbright Senior Scholar. She has been a frequent speaker and author of articles on off-campus library services and in 1986 was the featured speaker at the Off-Campus Library Services Conference in Reno, Nevada.

Also in volume 39, number 4, James S. Healey's article was inadvertently omitted from the Contents page. Mr. Healey's article is on pages 424-40 of that issue. The Publications Office regrets these oversights.
