# ILLINI ACHIEVEMENT FUND

*of the University of Illinois Foundation*

Report for 1953 and Honor Roll of Contributors

# A Word of Thanks

from H. F. GLAIR, '12

President, U of I Foundation

Once again your support has made possible a report of substantial Achievement Fund progress. The 1953 Fund recorded a gain of 22% over the income of the previous year, and the number of Illini contributing for the first time in 1953 was the largest since the initial year of the Achievement Fund.

Here, at a glance, is the record for the five-year period since the Fund was established by the University of Illinois Foundation:

Year	Fund Income
1949 . . . . .	\$ 52,131.47
1950 . . . . .	74,042.85
1951 . . . . .	77,123.80
1952 . . . . .	112,224.53
1953 . . . . .	137,163.03
TOTAL: \$452,685.68	

On behalf of the University of Illinois Foundation, I acknowledge with gratitude the support of all Illini and others who have helped to write this record of progress. Thousands of alumni and friends of the University have joined hands to make the Achievement Fund one of the leading annual-gift programs among state universities. In thanking those whose names appear in this report as 1953 contributors, I express the sincere hope that many others will join them in supporting the 1954 Fund.

As the Achievement Fund begins its sixth year, it has many opportunities to serve the University throughout 1954. Your

support will be welcomed and appreciated. Large or small, your contribution will be an investment in your Alma Mater. And you can be sure that your gift will be used to produce the greatest possible return on your investment.

Sincerely,

*H. F. Glair*

## Illini Achievement FUND PROJECTS FOR 1954

The following Achievement Fund projects for 1954 have been approved by the Board of Directors of the University of Illinois Foundation:

### 2. Research at U of I Medical Center, Chicago

To aid important research programs at the College of Medicine of the University of Illinois. Since 1949, Fund grants have helped to finance research in such fields as heart disease, hypertension, cancer, geriatrics, arthritis, mental disturbances, allergies, and gastrointestinal disease. A further review of this Achievement Fund project appears on pages 8 and 9.

### 3. Staff Research and Equipment

### 4. Illini Achievement Fund Endowment

To increase the Achievement Fund permanent endowment, which now stands at \$12,868. The endowment fund earnings are applied to various University objectives as directed by the Foundation Board.

### 5. Library Enrichment

For rare and valuable books, and special collections, that will add to the distinction of the University Library, ex-

pand its facilities for research, and increase its usefulness to students. A summary of this Achievement Fund project appears on page 12.

### 6. The President's Emergency Fund

To cover special demands on the University, not covered by appropriations or other funds, including aid to foreign students.

### 7. Hiram T. Scovill Scholarship Fund (in co-operation with an alumni committee of the College of Commerce and Business Administration)

To provide an endowment fund of at least \$25,000, the income from which will be used for undergraduate scholarships in the College of Commerce and Business Administration. This project is described further on page 10.

### 8. Memorial Chapel at U of I Hospitals, Chicago

To provide a suitable place of worship within the Research and Educational Hospitals of the University. The Memorial Chapel will be available for use by all religious groups. A further account of this Achievement Fund project appears on page 13.

### 9. Harvey H. Jordan Scholarship Fund (in co-operation with a faculty committee of the College of Engineering)

To establish an endowment fund for scholarship awards to outstanding seniors in the College of Engineering. This project is outlined more fully on page 15.

### 10. Chimes Restoration Fund

To repair and modernize the mechanism for operating the Altgeld Hall chimes, which were given to the University by the classes of '14, '15, '16, '17, '18, '19, '20, and '21.

### 11. U of I Symphony Orchestra Fund

To provide scholarships for music students of exceptional talent who are qualified to play in the U of I Symphony Orchestra, but who need financial aid in order to attend the University.

Undesignated gifts may be applied by the Foundation Board to any of the 1954 projects that need additional support, or to other worthy University projects. If you wish your contribution used for a specific purpose, please indicate on the flap of the enclosed envelope.

# Achievement Fund Scholarships

## Help 38 Students Attend University

Thirty-eight outstanding students hold Illini War Memorial Scholarships at the University of Illinois for the 1953-54 school year. The scholarships are provided by the Achievement Fund and administered by the University Scholarship Committee. Applicants are selected each year on the basis of scholastic standing and need for financial assistance.

Undergraduate students enrolling on the main campus at Urbana-Champaign or the Navy Pier Division in Chicago are eligible to apply for Illini War Memorial Scholarships. Winners of the 1953-54 awards represent twenty-two cities and towns in Illinois. Out-of-state scholarship students are residents of the following states:

Georgia, Indiana, Kansas, New Jersey, and New York.

Established by the University of Illinois Foundation in January, 1949, the Illini War Memorial Scholarship program has received total Achievement Fund grants amounting to \$50,000. Thus far 187 scholarships have been awarded by the University Scholarship Committee. The average stipend is \$250.

Twenty-four of the 1953-54 award winners are shown in the picture below. Because of laboratory and employment schedules, fourteen other scholarship holders were unable to be present for the group photograph. Their names are shown below those of students appearing in the picture.

## Honor Roll of Contributors to 1953 Fund—Continued

### Four U of I Scholarships Given by Air Foundation

A grant of \$1,000 from the Air Foundation, Inc., Cleveland, Ohio was received in December, 1953, for scholarships in aeronautics. Four scholarships of \$250 each will be awarded for the second semester of the 1953-54 school year.

A faculty group headed by Dr. Leslie A. Bryan, Director of the Institute of Aviation, will submit recommendations to the University Committee on Undergraduate Scholarships concerning these awards. Similar grants from the Air Foundation were used to provide scholarships in 1949, 1951, and 1952.

## Achievement Fund Presents Turner Collection to Library

A major addition to the University Library in 1953 was the Tom Turner Collection, purchased by the Achievement Fund through the co-operation of Professor Gordon Ray, Head of the English Department. This extensive collection, which was shipped to Urbana from Baildon, England, comprises about 8,000 volumes of English poetry, fiction and other prose of the period from 1890 to 1949.

The strength of the collection lies in its many first editions and presentation copies. Some major authors, such as Beerbohm and Galsworthy, are nearly complete, and most others are substantially represented. Also included are the best works of less distinguished writers. Another notable feature of the collection is an excellent assemblage of the first English versions of famous foreign novels.

Shown at left is Professor Ray selecting a volume from the Turner Collection. The late Tom Turner, who assembled this remarkable library over a period of many years, was a British postoffice official, minor poet and short story writer.

"Portrait of Cornelis Guldewagen, Mayor of Haarlem," by Frans Hals, was presented to the University by Mr. and Mrs. Merle J. Trees in November, 1953. This important addition to the Merle J. and Emily N. Trees Collection of Old Master and Modern Paintings was received through the Achievement Fund of the U of I Foundation. The Frans Hals masterpiece is one of the most famous works in the Trees Collection, which now includes thirty-eight paintings.

Mr. and Mrs. Trees, both Illinois graduates, began their benefactions to the University in 1937, when the nucleus of their splendid collection was presented to their Alma Mater. Every year since that time, the donors have augmented the collection with further gifts. The total valuation of the collection, including the 1953 gift, stands at \$314,250. The present day value is substantially greater, however, as many of the paintings have increased in value since the original appraisals were made by art experts.

A maintenance fund, which will amount to \$30,000, has also been established by Mr. and Mrs. Trees. Income from this fund will be used to pay the cost of insurance and maintenance of the paintings.

The Trees Collection is of great cultural and educational significance, containing distinguished examples of the French Primitive, of 16th century Italy, 18th century England, and 19th century France. Each painting has been carefully selected to answer the specific needs of a university museum. The perceptive judgment of Mr. and Mrs. Trees, combined with advice of museum officials here and abroad, has produced a collection that represents the great cycles of Renaissance and Modern art.

### Gift of \$5,000 Added to Herrick Endowment Fund

The endowment of the Lott R. Herrick Scholarship Fund, established in 1951, was increased to \$15,100 in December, 1953, by a further gift of \$5,000 from the original donors.

Income from the Fund is used to provide scholarships for outstanding students in the College of Law at the University of Illinois who are "in need of financial aid and who show promise of attainment of high legal ability."

The Fund is a memorial to the late Lott R. Herrick, who was graduated from the University of Illinois in 1892. After receiving his law degree from the University of Michigan in 1894, Mr. Herrick practiced law for many years in Farmer City, Illinois, where he earned a state-wide reputation as a leader in his profession. He was elected to the Supreme Court of Illinois in 1933, and served until his death in 1937.

# Achievement Fund Supports Research

The 25-million volt Betatron at the College of Medicine is being used for research in cancer and for the treatment of human cancer. One of many research investigations is a study of the neuropathological effects of the Betatron on human beings and experimental animals. An Achievement Fund grant of \$1,000 to Dr. Arthur Arnold of the Department of Neurology and Neurological Surgery has helped to support this work. Dr. Arnold is shown at right adjusting the beam-directing mechanism of the Betatron.

An Achievement Fund grant of \$1,500 has been made to Dr. William Harridge toward the support of research in the Department of Surgery. Shown at left in the Surgery Research Laboratories are (left to right) Technician Everett T. Hoppe, Dr. Andrew Kirstein, Dr. Alvin L. Watne, and Dr. Robert E. Madden.

# Research at University Medical Center

College of Medicine  
of \$70,000  
YEAR PERIOD

Dr. C. A. Johnson of the Department of Biochemistry has received a grant of \$1,000 from the Achievement Fund for a study of iron absorption and metabolism. Dr. Johnson is shown at right with Technician May Firszt, who is using a Micro-Kjeldahl apparatus for the determination of nitrogen.

Disturbances of electrolyte and water balance are not unusual in patients suffering from heart, kidney, or liver disease, or in patients who have undergone gastrointestinal surgery. Dr. John B. Fuller is seeking to find the best combinations of electrolyte determinations. He is shown at left pouring diluted blood serum into a flame photometer. Purchase of this equipment was made possible by a research grant of \$1,000 from the Illini Achievement Fund.

An Achievement Fund grant has helped to finance the research of Dr. H. R. Catchpole and Dr. Conrad L. Pirani, both of the Department of Pathology, in determining the localization and fate of mucoproteins injected into animals. Dr. Catchpole is shown at right adjusting an apparatus for quick freezing and drying of tissues used in histochemical studies.

College of Medicine has received subsidies each year from 1949 through 1953 which have helped to finance projects directed toward the common good of human life.

Therefore, I express sincere thanks to the Achievement Fund and to its many contributors for their help toward medical research.

A. Harvey, M.D.  
Dean, College of Medicine

### Horners Add 176 Volumes to U of I Lincoln Room

Dr. and Mrs. Harlan H. Horner, of Albany, New York, both members of the Class of 1901, presented 176 volumes to the Lincoln Room of the University Library in 1953 through the Achievement Fund. These additional Lincoln materials augment the Horners' earlier gift in 1951 of their widely-known Abraham Lincoln collection, which established the Lincoln Room of the Library as a memorial to the Class of 1901.

### 1953 Gifts Add \$6,015.15 to Scovill Scholarship Fund

Gifts amounting to \$6,015.15 were received in 1953 for the Hiram T. Scovill Scholarship Fund, increasing the endowment of this scholarship program to \$20,022.23. This project was organized and developed by an alumni committee of the College of Commerce and Business Administration, headed by Ralph S. Johns, '25, of Chicago. Contributions have been made by Commerce alumni and by faculty colleagues of Professor Hiram T. Scovill, who retired in 1953 after forty years of service to the University.

The Scovill Fund campaign will be continued through 1954 as a project of the Achievement Fund. The objective is a total of at least \$25,000, which will be presented to the University of Illinois as an endowment fund. The annual income will be used to provide undergraduate scholarships in the College of Commerce and Business Administration.

### Director Downs Evaluates Fund Program of Library Enrichment

From 1949 through 1953, the Illini Achievement Fund has been the source of many notable additions to the University Library. Among them are the elephant-folio edition of Audubon's *The Birds of America*, the Insel-Verlag facsimile edition of the Gutenberg Bible, the Ernest Ingold Collection of Shakespeare, the *Columbus Letter* of 1494, the Abraham Lincoln Collection of Harlan H. and Henrietta C. Horner, the George Sherburn Collection of English Literature, a collection of works of Hans Christian Andersen, a collection of British and American theatrical material, and the Tom Turner Collection of Modern English Authors.

Both the usefulness and prestige of the University Library have benefited from the generous support of the Achievement Fund during the past five years. Fund gifts of \$78,940 have provided important books and special collections that could not have been secured through state funds, adding materially to the distinction of the Library and increasing its value as a research center.

## Operatic Recordings Given to Music Library by W. A. Shirk

A gift of unusual value for research in music was received in May, 1953, from William Allen Shirk, a 1912 graduate of the University of Illinois. Presented to the University through the Achievement Fund of the U of I Foundation,

the Shirk Record Collection is noteworthy for its old operatic recordings.

The core of the collection centers around the "Golden Age of Opera," and represents almost every vocal artist of the period. The Caruso section is extensive, and the numerous rarities include records of the voice of Francesco Tamagno, creator of the role of Otello in 1887. In addition to musical recordings, the voices of Sarah Bernhardt, Florence Nightingale, Joseph Jefferson, Theodore Roosevelt, Woodrow Wilson, and other celebrities are represented.

Included in the gift are fifteen volumes of scrapbooks, indexed for ready reference, which contain pictures and clippings about artists of the past. Shown at left is Professor Duane Branigan, Director of the School of Music, examining one of the scrapbooks. On the table before him are other representative pieces from the collection, which numbers more than 3,000 items.

The collection is a major addition to the University's resources for music research. It is the product of many years of discriminating and expert collecting activity by Mr. Shirk.

### Noted Theatre Collection Purchased for University

Primarily for use by faculty members and students in the Department of Speech, the 1953 Achievement Fund purchased an extensive collection of 18th and 19th century British and American theatrical lithographs, copper and steel engravings, etchings, prints, and playbills.

Formerly owned by Theodore Leavitt, the collection is reported to be the fourth largest of its kind in the United States. Its scope is the British stage prior to 1850 and the American stage prior to 1870. The collection contains approximately 3,000 pieces.

### Book Fund Established as Solon Philbrick Memorial

A memorial gift to the Achievement Fund in December, 1953, established the *Solon Philbrick Shelf on International Law* in the Law Library of the University of Illinois. The gift was made by Mr. and Mrs. Carleton Healy, of Detroit, Michigan, in memory of Mrs. Healy's father, the late Judge Solon Philbrick.

Judge Philbrick was graduated from the University of Illinois in 1884. In 1899 he became Judge of the Appellate Court, Third District of Illinois. He also served as Circuit Judge in 1903. Judge Philbrick passed away in 1914 at Springfield, Illinois.
